

ABC Story time

Ages 4 years—5 years

Objective: The child recognizes the alphabet while reading a story and can read along.

Materials needed:

ABC eStory (eBook &/or Printable)

Procedures:

1. In a quite, comfy area sit with your child. You can choose to pull the eBook up on your computer or Kindle and read with child directly from the screen and/or Print it out.
2. Flip through the story book with your child. Look at the pictures only. Have them tell you what they are while pointing to each.
3. Now read it together! Have them say, or repeat after you read, each letter on each page.
4. Ways to help child learn to read: Look at pictures. Say letters. Re-read sentences after you read them first. Look for known, short words they already recognize. Point to words while reading. Consistency in reading.

ABC Story time

Ages 4 years—5 years

Milestones to meet:

The child can recognize letters. The child can listen to a story about the alphabet and says the letters when reading. The child shows early reading readiness by helping read a story, and naming pictures in a story they know. The child knows at least half of the alphabet letters and can recognize them.

Evaluation:

Did this lesson work for your child? Why or why not?
