

Shape Fun

Ages 1 year to 2 years

Objective: The child begins to recognize familiar shapes after seeing them using real-life objects.

Materials needed:

Items around your house that are of these shapes: Circle, square, triangle, rectangle, heart, star, oval

Procedures:

1. Sit with your child on the floor.
2. Begin by letting your child explore freely with the objects you have.
3. Teach your child each of the shapes name, holding one object up at a time and saying it to them. Ask child to try and repeat after you: "Can you say circle?"
4. Count the sides on each shape and angles to teach your child.
5. If you have more than one object of each shape, teach and show your child until they no longer show any interest.

Shape Fun

Ages 1 year to 2 years

Milestones to meet:

The child is beginning to recognize simple shapes and associate their names with them.

Evaluation:

Did this lesson work for your child? Why or why not?
