

Creativity sticks

Love N Learn At Home

- These are geared for preschoolers on up to build higher-order thinking skills. On 7 Popsicle sticks, write creative thoughts for your child to answer. Creative thinking prompts and question ideas are:
 1. What would happen if the sun was up at night?
 2. If you were a dog, what would you eat?
 3. What would it be like if we lived on the moon?
 4. What if a pencil could talk?
 5. What if your painting picture came to life?
 6. How do you make a peanut butter and jelly sandwich?
 7. If a boat could fly, where would it go?
 8. Why do we need rain?
 9. How many ways can we use our hands? Tell me some.
 10. What if we could breathe under water?

Every morning after breakfast, let your child "pick a stick" and you read to them the creative thinking prompt or question on it. For older children, allow them to read it out loud to you. Encourage child to answer the prompt question using their own unique thoughts and creativity. Have child put the stick back and re-draw a stick again the next morning, all week long!
