Every morning after breakfast, let your child "pick a stick" and tell you what word is on it & read it to you. For 5+ year olds, you can ask them to "say a sentence using the word in it." For any age, have your child count the letters in the word, point to each letter and say it out loud spelling the word, and clap the syllables in the word to count how many it has. Have them put the stick back and re-draw a stick again the next morning, all week long!
